AF/DLA ENGINE SUMMIT

New Action Items
27 Jan 99

Lou McGuire
SA-ALC/LR

Action Items

AF/DLA 1-99.1: Work system disconnect which allows weapon system codes input by Air Force to fall out when passed to DLA--solve the platform software interface problem. Look at both a short term and a long term solution. In addition, accomplish a weapon system code reconciliation to assure erroneous codes on items are deleted.

OPR: DLSC-CSS, HQ AFMC/LGI SUSPENSE:

(DLSC-CSS:Margaret Gandy)

Status:

DLSC-CSS and AFMC/LGI are currently working the system disconnect issues. In addition HQ AFMC is conducting an analysis on the Weapon System Coding process. This analysis is scheduled for completion 1Jun 99. AFMC is scheduled to brief AFMC/CC on or about 1 Jul 99.

Recommendation:	ECD:
Remains open	Jul 99

Action Items

AF/DLA 1-99.2: Investigate the opportunity of tying a requisition to a weapon system code.

OPR: USAF/ILS, DLSC-LS **SUSPENSE:**

( )

Status:

Recommendation: **ECD:**

Action Items

AF/DLA 1-99.3: Develop training program for ESOC personnel.

OPR: DSCR **SUSPENSE:**

Status: 17 Mar 99

Several training initiatives are being implemented: (1) desk top procedures are being developed by the new team leaders in ESOC. (2) mandatory use of the ESAMP checklist for all expedited actions. (3) the use of Aviation Academy to help build a sense of urgency in ESOC. (4) working Human Resources to get an outside agency to train ESOC personnel on customer satisfaction processes. (5) ESOC supervisors will closely monitor IDPs to ensure the required individual training occurs as quickly as possible.

Recommendation:	**ECD**:
Remains open and monitor	Jul 99

Action Items

AF/DLA 1-99.4: Explore the use of the the new WSMIS Supportability Analysis and Visibility (SAV) data system to automate the exchange of critical engine parts information between customers and suppliers. (e.g., use an engine readiness driver program to replace the bi-weekly manual messages from SA-ALC to DLA.)

OPR: HQ AFMC/LGIW (Lt Col Fortner) **SUSPENSE:**

OCR: SA-ALC/LP, OC-ALC/LP, DSCR-XB

Status:

Capt Mosley is DSCR OPR. AFMC will host a meeting 29 Mar - 2 Apr to discuss this program. Program to include all weapon systems.

Recommendation: **ECD:**

Remains open **Apr 99**

Action Items

AF/DLA 1-99.5: Bring in oversight agencies as a part of, or at least to review, on-going efforts of the Joint Propulsion Contracting Team to establish corporate contracts with the OEMs, including pricing initiatives.

OPR: Joint Propulsion Contracting Team

OCR: AFMC/PK **SUSPENSE:**

Status:

Recommendation: **ECD:**

Action Items

AF/DLA 1-99.6: Following award of the Propulsion Business Area (BPA) contract, assess the potential impact of the Contractor Furnished Material (CFM) clause to our suppliers. Establish a game plan to minimize the impact. Develop an information packet which includes Frequently Asked Questions (FAQ) for our suppliers.

OPR: SA-ALC/LP SUSPENSE:

OCR: DSCR/XB (Maj Schultz)

Status: Maj Schultz has made contact with OC-ALC/LT (Transition Directorate) to ensure DLA is provided transition materials as they become available. Briefings for MAJCOMs and supporting agencies are being developed. Expect DLA to be scheduled in the May/June timeframe.

Recommendation:	ECD:
Remains open	June 99

Action Items

AF/DLA 1-99.7: Assess and drive DLA requirements associated with the Air Force fully funded bow wave effort.

OPR: AFMC/LGI **SUSPENSE:**

Status:

Mr Powie and DORRA will coordinate with AFMC on this action

Recommendation: **ECD:**

Action Items

AF/DLA 1-99.8: Assess how to drive field additive requirements for a worldwide look to DLA. Identify decision process, responsible OPR (PM, MAJCOMs, etc), accountability, etc. Pass recommendation to USAF/ILSP to finalize the effort.

OPR: Forecasting IPT **SUSPENSE:**

Status:

Recommendation: **ECD:**

Action Items

AF/DLA 1-99.9: Develop and implement a joint service interim policy stating that all cataloguing actions that affect item configuration (cancel-use, replacement NSN, I&S, etc) be determined by ESA via DLA Form 339. Cataloguing action will follow pending ESA decision. Interim policy to be established until change to DoD 4100.39-M, FLIS Procedures Manual, and DLAI 3200.1, is approved.

OPR: DLSC-LE **SUSPENSE:**

Status:

Copy of action item provided to Monty Ingram. No update

Recommendation: **ECD:**

Action Items

AF/DLA 1-99.10: Present the TF39 unapproved sources example to the DSCR Aviation Academy. Include a picture of a liberated disk from a J85 engine on a T38.

OPR: SA-ALC/LP (Janice Moody) **SUSPENSE:**

OCR: DSCR/H (Dennis Graffum)

Status: 5 Feb 99

Coordination process between SA-ALC and DSCR has begun. Unapproved sources will be worked into Aviation Academy

Recommendation:	**ECD:**
Recommend Closure	**Feb 99**

Action Items

AF/DLA 1-99.11: Schedule the next AF DLA Engine Summit at Richmond. Include NAVICP in the invitation.

OPR: DLA DSCR (Maj Schultz) SUSPENSE:

Status: 17 Mar 99

Proposed date of 22 June 1999 is under consideration. E-mail sent to de-conflict schedules on 17 Mar 99.

Recommendation:	ECD:
Remains open	Apr 99
